CHAIRMAN'S REPORT

PETER CLARKE
CHAIRMAN

As the world continues to navigate the unprecedented changes, challenges and disruptions of the Covid pandemic, and more recently the Russia-Ukraine war and inflationary pressures, Guardian Media Limited has steadfastly brought trusted news, inspirational and entertaining radio and television programming and other platforms that connect advertisers with customers.

The commercial agility of the team and the resilience of our brands are integral to our continuing success and contribution as industry leaders. These are underpinned by the talent and creativity of our people and our strong corporate culture.

During the year, our branded Radio campaigns included the Caura Fest, Sangeet Premier League, bar crawls and other outside broadcasts, through which our loyal listeners were again able to connect with their favourite on-air personalities. These events were very well received by citizens who were excited for the opportunity to leave their homes and socialize. After introducing our citizens to iconic global motivational speaker Sadhguru in August, we covered the 2022 Caribbean Premier League, and broadcast the 2022 FIFA World Cup finals in Qatar, as well as the English Premier League. The steady contribution of our newspaper was re-enforced by our hugely popular special publications and increased digital presence.

In similar fashion to 2021, the final quarter's performance was strong enough to reverse the losses which were posted during the first three quarters. In 2022, for the quarter ended 31 December, Guardian Media Limited reported profit before taxation of \$8.9M, just behind last year's fourth quarter result of \$9.1M.

For the year ending 31 December 2022, Guardian Media Limited reported profit before taxation of \$3.9M compared to a \$6.5M profit before taxation in the prior year. Revenues reported for the year were \$117.8M (\$104.7M – 2021) reflecting an increase of \$13M or 12.5% in advertising revenues. Operating expenses increased year over year through our efforts to stimulate commercial interest and in order to fund growth strategies across all business segments.

In spite of the challenging commercial environment, we remain resolute in our conviction that the business is well positioned to face the future. It has bravely weathered the pandemic, stabilized its operations, and re-defined its strategic enablers to guarantee delivery of enhanced shareholder value. Our balance sheet metrics are strong, and our capital levels remain resilient. Your Board of Directors is pleased to announce a final ordinary dividend of 4 cents per share (2021 – 7 cents). Preference shareholders will receive a final

dividend of 3%. Dividends will be paid on 15 June, 2023.

In accordance with section 110(1)(a)(i) of the Companies Act 1995, the Directors have fixed 22 May, 2023 as the Record Date for payment of this final dividend. The Register of Members will be closed on both 25 May and 26 May, 2023.

The Board would like to thank Professor Brian Copeland for his invaluable contribution to its deliberations over the past 6 years. Professor Copeland resigned in December subsequent to his retirement as Principal of UWI St. Augustine. The Board welcomes Professor Rose-Marie Antoine who joined the Board effective 1 January, 2023.

The Board extends its sincerest gratitude to our loyal employees and the management team for their unwavering dedication, focus and commitment during 2022. We look forward to the continuous support of all our stakeholders as we position ourselves to take advantage of all opportunities whilst focusing on our key strategic imperatives and sound governance.

Peter Clarke
Chairman

TBC RADIO NETWORK

MANAGING DIRECTOR'S REPORT

DR. KARRIAN HEPBURN MALCOLM
MANAGING DIRECTOR

The media industry experienced sober growth with the gradual reopening of the economy in Trinidad and Tobago after approximately 2 years of lock down and Covid-19 restrictions. Despite the re-opening businesses were hesitant and calculated in their advertising spend. This was compounded by the war between Russia and the Ukraine. Nonetheless we saw new opportunities emerging through securing enviable properties, events and partnerships.

The Trinidad and Tobago Guardian Newspaper celebrated 105 years of existence. The celebration was an opportunity for us to remind Trinidad and Tobago of our intertwined history and our clients of our deep relationships. The newspaper remains competitive and profitable with significant focus on special publications and growing the digital subscription base. The digital focus will ensure that the brand will be bigger, better and more resilient in years to come. We know that the brand must evolve and innovate and as such, while we focus on irresistible content, we are also focused on our Digital First strategy in both delivery, mining analytics and securing partners to assist us in strengthening our digital presence. We also boasted impressive growth in the digital space in terms of followers and increased engagement.

The digital platform benefited from the international Big-Ticket items like NBA, 2022 Caribbean Premier League (CPL), Qatar FIFA World Cup 2022 and English Premier League for CNC3. These properties allowed us to enjoy a captive audience for many months which was reflected in high ratings as per the cable box data and a research study which we commissioned. We also created and secured top local and original content such as The Machel Montano book launch in GM labs, the Sadghuru documentary of his visit to Trinidad and Tobago, and the Chapel Hart (from America's Got Talent) GML in studio performance.

The radio division partnered with leading promoters for events, increased live broadcasts, hosted parties and reconnected with the listeners in a way that was not possible during the pandemic year. The team did a soft launch of a new station Freedom 106.5 FM dedicated to hard talk. The feedback was very encouraging and seem to fill a gap needed in the radio market for intellectual conversation.

Sales trended above the prior year; some brands performed more buoyantly than others. We achieved significant growth in revenue over prior year, \$117.8M compared to \$104.7M in 2021, an increase of \$13M or 12.5% in advertising revenues. We were able to report a profit of \$3.9M before tax, despite the challenges and the hesitant posture of the business community concerning spending and

advertising. The hard work of the team, combined with the guidance of the board and head office were instrumental.

We made some significant changes to the executive leadership team and the organization chart to ensure the team is well positioned to execute the strategic imperatives. The Media industry continues to show signs of recovery as we enter the second post pandemic year of 2023. The expectation is that business will still err towards cautious and calculated spending as they continue to recover from the pandemic's financial challenges. However, the team and I remain committed and optimistic about the strategic plan. We have several new and exciting initiatives in the pipeline coupled with a strategy of maximizing efficiency. Our prospects also include some regional aspirations as we seek to at least double the revenue, reach and size of the business. Based on the strides made in 2022, the relationship forged and deepened, we look towards 2023 with enthusiasm and optimism.

Dr. Karrian Hepburn Malcolm
Managing Director

CORPORATE SOCIAL RESPONSIBILITY

In 2022, Guardian Neediest Cases Fund continued with its effort to assist needy families throughout Trinidad and Tobago. Although still a challenging year, the fund, which started in 1934 was successful in assisting five hundred and twenty-seven (527) families, with grants for medical and financial purposes, disaster relief and schoolbooks. Annual Christmas Grants were also given.

At the end of 2022 the fund held its first (1st) Children's Christmas Party which catered for fifty (50) underprivileged children from the Princess Town community. At this function, twenty-three (23) families were given Christmas hampers. There was lots of joy and laughter as Trustees led by Sharon Christopher, (Chair) took the responsibility of making sure that everyone had a great time. It is hoped that this Children's Christmas Party will become an annual affair to be held in various communities.

The GNCF has recently appointed a new Board of Trustees that has developed a strategic plan for the revitalization of the role, scope, reach and most importantly, impact of GNCF, in the local philanthropic landscape. Notwithstanding the long history of assistance provided to hundreds of persons in need directly or indirectly, the Board is of the view that there is an opportunity for the GNCF to improve its delivery capability through the adoption of new strategies, initiatives and thinking around how GNCF can better help those in need. The Board is now in the process of implementing this strategy.

The Board of Trustees would like to thank each donor for making sure that the Guardian Neediest Cases Fund continues to be **'The Friend in Need.'**

GML'S GOT TALENT

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE

Strong Corporate Governance is at the foundation Guardian Media's performance. In order to support the Company's ongoing commitment to the highest standards of Corporate Governance, and to increase our responsiveness to the rapidly changing environment, key aspects of our Governance framework and processes are continuously being reviewed and strengthened. The Board continues to pursue its objective of long-term, sustainable growth for the benefit of the Company's Shareholders and wider stakeholders.

Board Composition

As at 31st December, 2022, the Board comprised 8 directors, 7 of whom are independent, as follows:

1. Mr. Peter Clarke – Chairman
(Non-Executive)
2. Mr. Conrad Sabga – Non-Executive
3. Mr. Jeremy Matouk – Non-Executive
4. Ms. Sharon Christopher – Non-Executive
5. Ms. Jenifer Smith – Non-Executive
6. Mrs. Sonja Gittens-Ottley – Non-Executive
7. Mr. Davan Maharaj – Non-Executive
8. Dr. Karrian Hepburn Malcolm – Managing Director (Executive)

**Professor Brian Copeland resigned from the Board on 9th December, 2022.

Our Board is committed to a strong director succession planning process, designed to provide for a highly independent, well-qualified Board, with the diversity, experience and background to be effective and to provide strong oversight.

Independence of Directors

Independent Non-Executive Directors comprise the majority of the Company's Board. A review of Director's Annual Declarations of interests to the Company, remains a key element to ensure Directors are free from any business or other association that could materially interfere with the exercise of his/her independent judgement.

The Board and its committees foster independence by:

- Having an independent non-executive Chairman of the Board to oversee the operations and deliberations of the Board;
- Having independent Directors on each of the Board's committees;
- Conducting in camera sessions without management;
- Determining whether Directors have a material interest in transactions;
- Having the Audit Committee chaired by an independent Director and comprised of a majority of independent members;

To increase the quality of the Board's oversight and to lessen the possibility of damaging conflicts of interest, the Board maintains a majority of "independent directors," as defined by the Board from time to time, by law applicable to the Company or by any rule or regulation of any other regulatory body applicable to the Company.

Role of the Board

The Company operates under the leadership of an effective Board which possesses a combination of requisite experience, qualifications, skills and values to lead the business.

The role of the Board is to oversee the Company's Management and to ensure the long-term value of the Company for its shareholders. The Board recognizes that the long-term interests of shareholders are served by taking into account the interests of other stakeholders and interested parties including employees, customers, suppliers and the communities in which the Company's business operates.

CORPORATE GOVERNANCE

(Continued)

Responsibilities of the Board

The main responsibilities of the Board are:

1. Ensuring that the Managing Director and other senior officers of the Company are qualified and competent with sufficient experience and knowledge of the business and that succession planning is in place for these and other positions deemed critical to the Company;
2. Reviewing, monitoring and approving significant financial and business strategies and major corporate policies;
3. Reviewing and approving the overall Corporate Strategy of the Company;
4. Assessing major risks facing the Company and reviewing the strategies for mitigation strategies; and
5. Ensuring that processes are in place for maintaining the sustainability and integrity of the Company and ensuring that its financial statements are in compliance with all laws and ethical standards of business.

The Board delegates to the Managing Director the general management, supervision and control of the business and general affairs of the Company, including the execution of Board directives and resolutions. The Board also delegates to the Managing Director the formulation and implementation of the Company's overall Corporate strategy as approved by the Board.

Board Tenure and Evaluation

Every year one-third of the directors shall retire from office and may offer themselves for re-election subject to their annual evaluation.

In July 2021, the Board conducted an independent evaluation which was used to ensure that Guardian Media Limited has the right balance of Directors to set and achieve the organisation's strategic goals and direct the organisation's future.

The Board skills matrix comprises three parts:

1. An assessment of Governance and industry-based skill areas which should be held collectively by the Board. Each skill area is accompanied by a description.
2. A description of personal attributes that all the directors of the Board are expected to possess.
3. Contains observations regarding the diversity and non-skill-based Board attributes.

Director Orientation and Development

Upon joining the Board, new Directors participate in the Director Orientation programme, which provides them with a formal introduction to the Company and its businesses through meetings with key persons, provision of relevant documentation, and training.

Audit Committee

The Audit Committee maintains oversight on the quality and integrity of financial statements of the Company, including the effectiveness of the internal controls and ensures that audited financial statements are presented annually.

The Audit Committee is comprised of 3 independent Non-Executive Directors.

Members:

Jeremy Matouk (Chairman)
Peter Clarke
Sharon Christopher

The Committee's primary responsibilities are as follows:

Financial Reporting

- Review significant accounting and reporting issues, including complex or unusual transactions and highly judgemental areas, and recent professional and regulatory pronouncements, and understand their impact on the financial statements.
- Review with Management and the Internal and External Auditors the results of the audit, including any difficulties encountered.

CORPORATE GOVERNANCE

(Continued)

- Review the annual financial statements, and consider whether they are complete, consistent with information known to Committee Members, and reflect appropriate accounting principles.
- Review other sections of the annual report and related regulatory filings before release and consider the accuracy and completeness of the information.
- Review with Management and the Internal and External Auditors all matters required to be communicated to the Committee under generally accepted auditing standards.
- Understand how Management develops interim financial information, and the nature and extent of Internal and External Auditor involvement.
- Review interim financial reports with Management and the Internal and External Auditors, before filing with Regulators, and consider whether they are complete and consistent with the information known to Committee members.

Internal Controls and Business Risks

- Consider the effectiveness of the Company's internal controls over annual and interim financial reporting, including information technology security and control.
- Understand the scope of Internal and External Auditors' review of internal controls over financial reporting, and obtain reports on significant findings and recommendations, together with Management's responses.
- Ensure there is due process for the identification and management of key business risks having particular regard to any significant failings or weaknesses in internal controls.

Internal Audit

- Review with Management and the Head of Group Internal Audit, the Charter, plans, activities, staffing and organizational structure of the Internal Audit function.
- Review the reports of the Internal Audit function including the follow up work by Management where Management Teams are responsible and accountable for closing audit issues in a timely manner.

- On a regular basis, meet separately with the Head of Group Internal Audit to discuss any matters that the Committee or Internal Audit believes should be discussed privately.
- Ensure that the Head of Group Internal Audit within the Group has direct access to the Chairman of the Audit Committee.

External Audit

- Consider annually and discuss with the External Auditors of the Group the scope of their audit prior to its commencement and subsequently, the results, and review effectiveness of the process, taking into account relevant Professional and Regulatory requirements.
- Review the External Auditor's Management Letter, any major recommendations and consider Management's response.
- Review the Terms of Engagement of External Auditors and recommend them to the Parent Board.
- Review and confirm the independence of the External Auditors by obtaining statements from the Auditors on relationships between the Auditors and the Company, including non-audit services, and discussing the relationship with the Auditors.

Compliance

- Review the effectiveness of the system for monitoring compliance with laws and regulations and the results of Management's investigations and follow-up of any instances of non-compliance.
- Review the findings of any examinations by Regulatory Agencies, and any Audit observations.
- Obtain regular updates from Internal Audit and Group Legal Counsel regarding compliance matters.

Ms. Sharon Christopher serves as a Non-Executive Director. She is an Attorney at Law, Leadership Development Coach and a Motivational Speaker. For almost three decades she was an Executive in a Financial Services Group within the Caribbean. In the last decade of her career with the Group she was in the position of Deputy CEO. Ms. Christopher is a highly experienced Board Director having served on numerous Boards in various sectors locally, regionally and internationally. She holds the "Accredited Director" designation. Ms. Christopher is the holder of a Bachelor of Laws degree, Upper Second Class Honours, from the Cave Hill Campus of the University of the West Indies; A Legal Education Certificate from the Hugh Wooding Law School (from which she graduated as the Most Outstanding Student); and a Master of Laws degree from the London School of Economics and Political Science. She is a Fellow of the Institute of Banking and Finance of Trinidad and Tobago.

She is the recipient of the Chaconia Gold Medal for her contribution to the Business, Banking and Finance sectors.

BOARD OF DIRECTORS

Ms. Jenifer Smith serves as a Non-Executive Director. She undertook her studies in Architecture, Environmental Design & Urban Planning at the Bartlett School, University College, London from 1979 to 1985. Full professional registration was achieved in 1987 in the UK, 1991 in France and 2002 in Trinidad and Tobago.

Ms. Smith worked on the public concourse extension of the iconic Sydney Opera House in Sydney, Australia before joining Armstrong Associates in London in 1986. She became a partner in 1990. The work won numerous awards for design excellence, including the Japanese Cultural Centre, 'La Maison de la Culture du Japon' located in Paris which won the RIBA 'European Award' in 1998.

In 2001, She returned home to Trinidad with over 15 years of international experience to set up Jenifer Smith Architects Ltd. The practice's work includes the design and implementation of civic, commercial, educational and residential buildings and masterplans, which have won various design awards. In recent years she established Smith+Wilson Architects, and is ever more focused on issues relating to creating a more sustainable built environment.

She has taken an active role in civic society, serving over 10 years on the Executive the Trinidad and Tobago Institute of Architects (TTIA) in various roles including Treasurer and President. She was Chair of the TTIA Diary Committee from 2003-2014. She currently serves on the BOATT/TTIA Education Committee and TTIA Contracts Committee. She is a member of the Trinidad and Tobago Green Building Council and the National Trust of Trinidad and Tobago. She served as an International Judge for the Commonwealth Association of Architects Design Awards in 2022.

Mrs. Sonja Gittens-Ottley serves as a Non-Executive Director. She is Head of Diversity, Inclusion and Belonging at Asana, a leading work management platform for teams, headquartered in San Francisco, California. She is responsible for crafting and directing Asana's inclusion and belonging strategy, creating an environment that allows everyone to thrive. Prior to her roles in diversity and inclusion at Asana and at Facebook, she was global policy counsel for Yahoo's Business and Human Rights Program.

Before switching to technology, Mrs Gittens-Ottley was an attorney-at-law at the Central Bank of Trinidad and Tobago, where she focused on banking, financial compliance and corporate governance issues and at the Office of the Attorney General and Ministry of Legal Affairs, where she developed and implemented comparative legal research programs. She started her legal career with Guardian Life of the Caribbean Limited.

She is a graduate of the University of the West Indies and The Hugh Wooding Law School.

BOARD OF DIRECTORS

Mr. Davan Maharaj is a Non-Executive Director since 2017. He is an internationally-renowned journalist who served as editor-in-chief and publisher of the Los Angeles Times. Under his leadership, The Times won five Pulitzer Prizes, including the prestigious gold medal for public service. As publisher, he oversaw a company with more than US\$400 million in revenue. Maharaj began his journalism career in Trinidad and Tobago, where he won Caribbean Journalist of The Year prize and top awards for investigative journalism. At The Times, Maharaj won numerous awards for his investigation of a Southern California probate lawyer who wrote wills and trusts that bequeathed to himself millions of dollars of his clients' property. The story resulted in changes in California's probate laws. His series, Living On Pennies, published during his tenure as the paper's Nairobi bureau chief, won the Ernie Pyle Award for Feature Writing. As editor-in-chief, Maharaj and his team worked with an acclaimed New York digital firm to redesign latimes.com, then one of the world's largest responsive news websites ever built.

Maharaj has a bachelor's degree from the University of Tennessee, a master's degree from Yale Law School, and recently was a fellow at Harvard University's Kennedy School. Maharaj has an honorary doctor of letters (D. Litt) degree from the University of the West Indies.

Professor Antoine serves as a Non-Executive Director. Professor Rose-Marie Belle Antoine is the Principal of the UWI, St. Augustine, and Professor of Labour Law and Offshore Financial Law. She holds a doctorate in law from Oxford, LL.M from Cambridge and the LL.B from the UWI. Antoine is an attorney, award winning scholar and author, international consultant, temporary Court of Appeal judge and activist. She was elected President of the Inter-American Commission on Human Rights, Washington, the only person from Trinidad and Tobago. She held OAS Rapporteurships for Persons of African Descent and Indigenous Peoples and was Head of the OAS Economic, Social and Cultural Rights Unit. She was CARICOM Chair on HIV, Migration and the CARICOM Regional Commission on Marijuana. She is the President of the Family Planning Association, a Cambridge Fellow, a member of Trinidad & Tobago's Industrial Relations Advisory Committee, an Honorary Fellow of the International Society for Trust Practitioners (STEP), the only Caribbean person.

The historic twice winner of Vice Chancellor's Award of Excellence, for Research, then for Public Service, Antoine has published 15 books and numerous scholarly articles. She was honoured by UWI Cave Hill Campus as an "Outstanding Alumnus" (2018) and as an Eminent Jurist- Pioneering Caribbean Woman by the Caribbean Court of Justice in 2021. She served as Consultant to all of the governments in the Caribbean, UK, Venezuela, USA and Canada, the judiciary and international organizations, including the EU, OAS, IADB, World Bank, CDB, CARICOM, UNDP, OECS, UNICEF, ILO, UNIFEM, CAREC, PANCAP, UNAIDS, UNDCP, and ECLAC, drafting legislation and authoring influential, often path-breaking Policy Reports on several varied issues prioritizing Caribbean legal development. She is described by governments and others as the "foremost labour law expert in Labour Law in the region," the "leading" authority in the region in International Financial Law and HIV law and a "change agent". Antoine is committed to development within the framework of human rights. She enjoys painting, gardening and is a trained classical singer.

BOARD OF DIRECTORS

**KARRIAN
HEPBURN
MALCOLM**

Position :

- Managing Director
- Executive Director

Appointment :
2022

Age : 42

Nationality :
Jamaican Citizen

Dr. Karrian Hepburn Malcolm was appointed to the position of Managing Director, Guardian Media Limited effective 1st March, 2022.

Dr. Hepburn Malcolm holds a Doctor of Management (D.M.) in Organisational Leadership (DMOL) from the University of Phoenix, an MBA in General Management and a double major in Management Studies and Public Administration from the University of the West Indies (UWI), Mona Campus, Jamaica. She completed international professional training in the areas of Investments, Asset Management, Retail Banking, Business Support Services, Audit, Credit Risk Management and Operations Shared Services; and is certified in Change Management from Prosci Canada.

She was a Licensed Broker with the Trinidad and Tobago Securities and Exchange Commission (TTSEC) and Licensed Trader with the Trinidad and Tobago Stock Exchange (TTSE). She was also the holder of a Mutual Funds License from the Institute of Canadian Brokers. Her leadership roles span between Jamaica and Trinidad and Tobago and is evidenced by a brilliant career of over 19 years. A Jamaican native, she moved to Trinidad in 2011 and assumed the position of General Manager of Scotia Investments, Trinidad and Tobago. From March 2011 to October 2015, she had oversight of the Private Client Group operations, building the investment subsidiary and administering the launch of two local mutual funds.

During the period 2015 to 2017, Dr. Hepburn Malcolm worked in Scotiabank Trinidad and Tobago Ltd.'s Retail Banking and honed her skills related to branch Financial Customer, Compliance, Operational and People operations.

For approximately 5 years (2017-2022), Dr. Hepburn Malcolm undertook the role of Vice President, Sales and Service at the Trinidad and Tobago Unit Trust Corporation (TTUTC) with responsibility for executive oversight of customer relationships, service touchpoints and was instrumental in driving national and regional sales expansion initiatives in new markets.

Mr. Colin Gouveia – IT Manager

REPORT OF THE DIRECTORS

The Directors have pleasure in presenting their Report to the Members together with the Audited Financial Statements for the year ended 31 December 2022.

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated).

RESULTS FOR THE YEAR 2022

	\$	\$
Total comprehensive loss for the year		<u>(2,772)</u>
Deduct:		
Dividend paid:		
PREFERENCE - Final 2021 - 3%	44	
Interim 2022 - 3%	44	
ORDINARY - Final 2021 - 7 cents per share	2,800	
Interim 2022 - 0 cents per share	<u>0</u>	<u>(2,888)</u>
Loss for the year		(5,660)
Retained Earnings and other reserves brought forward	<u>234,090</u>	
Retained Earnings and other reserves at 31 December 2022		<u>228,430</u>

DIVIDENDS

An Interim Dividend of 3% was paid to participating Preference Shareholders and zero (\$0.00) cents was paid to Ordinary Shareholders in November 2022. The Directors have declared Final Dividends of 3% and 4 cents per share to be paid to Preference and Ordinary Shareholders respectively, who are on the Register of Members on 22 May 2023. Dividends will be paid on 15 June 2023.

DIRECTORS

In accordance with By-Law No. 1, paragraph 4.3.2, Mr. Davan Maharaj, Ms. Jenifer Smith and Mrs. Sonja Gittens-Ottley retire from the board and being eligible, offer themselves for re-election.

Professor Rose-Marie Antoine filled the casual vacancy caused by the resignation of Professor B. Copeland and being eligible in accordance with By-Law No. 1, paragraph 4.3.6, offers herself for election to serve on the Board.

AUDITORS

Ernst & Young have expressed their willingness to continue in office.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Guardian Media Limited (the “Company”) wishes to advise its shareholders that the **One Hundred and Seventh Annual Meeting** of the Company will be held at the Calypso Lounge, Radisson Hotel Trinidad, Wrightson Road, Port of Spain on Wednesday May 10, 2023 at 2:00PM for the following purposes:

ORDINARY BUSINESS

1. To receive and consider the audited Financial Statements for the year ended 31 December 2022 and the report of the Directors and Auditors thereon.
2. To re-elect Directors.
3. To elect Directors.
4. To re-appoint Auditors and to authorize the Directors to fix their remuneration in respect of the period ending at the conclusion of the next Annual Meeting.
5. To transact any other ordinary business.

BY ORDER OF THE BOARD

Gerhard Pettier
Company Secretary

22-24 St. Vincent Street
Port-of-Spain,
Trinidad, W.I.
April 6, 2023

NOTES:

1. A member entitled to attend and vote may appoint one or more proxies to attend and vote instead of him. A proxy need not also be a member.
2. No service contracts were entered into between the Company and any of its Directors.
3. A shareholder which is a body corporate may, in lieu of appointing a proxy, authorize an individual by resolution of its directors or its governing body to represent it at the Annual Meeting.
4. The Directors of the Company have not fixed a record date for the determination of shareholders who are entitled to receive notice of the Annual Meeting. In accordance with Section 111(a)(i) of the Companies Act, Chap. 81:01, the statutory record date applies. Only shareholders of record at the close of business on Wednesday April 5, 2023, the date immediately preceding the date on which the Notice is given, are therefore entitled to receive Notice of the Annual Meeting.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

CONSOLIDATED FINANCIAL STATEMENTS 2022

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF GUARDIAN MEDIA LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Guardian Media Limited and its subsidiaries ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of comprehensive (loss)/income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Group as at 31 December 2022 and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' ("IESBA") International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF GUARDIAN MEDIA LIMITED

Report on the Audit of the Consolidated Financial Statements (continued)

Key Audit Matters (continued)

Key Audit Matters	How our audit addressed the key audit matter
<p>Estimation uncertainty involved in impairment testing of goodwill and other intangibles with indefinite lives</p> <p>Refer to related disclosures in notes 3 and 6, and accounting policy note 2 (xxii) to the consolidated financial statements. As described in these notes, impairment tests are performed annually on goodwill and certain indefinite life licences.</p> <p>As required by IAS 36: "Impairment of Assets", management performed an impairment test on these assets. Based on the impairment test performed during the year, no impairment was recorded in 2022.</p> <p>Impairment tests on goodwill and other intangibles involve significant estimation and the application of a high level of judgement relative to key assumptions such as the applicable discount rate and future cash-flows.</p> <p>In determining future cash-flow projections, management uses assumptions and estimates in respect of future market conditions, future economic growth, expected market share and gross margins including the possible current and future negative effects of the pandemic. The outcome of the impairment testing is sensitive to these assumptions and estimates, such that changes in these assumptions/estimates may result in different impairment test conclusions.</p>	<p>Estimation uncertainty involved in impairment testing of goodwill and other intangibles with indefinite lives</p> <p>Our audit procedures focused on the assessment of the key assumptions utilized by management including the cash-flow projections and the discount rate. We also evaluated whether the value in use impairment test model met the requirements of IAS 36.</p> <p>To this end our procedures included, amongst others, evaluating and testing the assumptions, methodologies, Cash Generating Unit (CGU) determination, discount rate and other key data used by management. We also assessed the assumptions by comparing to historical performance of the entity, local economic conditions and other alternative independent sources of information. In so doing we evaluated the sensitivity of the key assumptions to reasonable possible changes, especially with the added estimation uncertainty brought on by the pandemic which could cause the carrying amount of the CGU to exceed its recoverable amount.</p> <p>We involved our EY valuation specialist to assist with our audit of the impairment test model, including the cash flows, discount rate and long-term growth rates.</p> <p>We also assessed the appropriateness of the disclosures in the notes to the consolidated financial statements, with reference to that prescribed by IFRSs.</p>

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF GUARDIAN MEDIA LIMITED

Report on the Audit of the Consolidated Financial Statements (continued)

Other information included in the Group's 2022 Annual Report

Other information consists of the information included in the Group's 2022 Annual Report, other than the consolidated financial statements and our auditor's report thereon. Management is responsible for the other information. The Group's 2022 Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Responsibilities of Management and the Audit Committee for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF GUARDIAN MEDIA LIMITED

Report on the Audit of the Consolidated Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

TO THE SHAREHOLDERS OF GUARDIAN MEDIA LIMITED

Report on the Audit of the Consolidated Financial Statements (continued)

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner in charge of the audit resulting in this independent auditor's report is Mrs. Adrienne D'Arcy.

Port of Spain,
TRINIDAD:

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

1. Incorporation and principal activities

Guardian Media Limited (the "Company") is a limited liability company incorporated in 1917 and continued on 21 November 1997 under the Companies Act, 1995, in the Republic of Trinidad and Tobago. Effective 26 April 2010, the Company changed its name to Guardian Media Limited (formerly Trinidad Publishing Company Limited). The Company operates in Trinidad and Tobago and is a subsidiary of ANSA McAL Limited (the "Ultimate Parent"), which is a public company that owns 51% of the issued stated capital of the Company. The registered office of the Company is at 22-24 St. Vincent Street, Port of Spain. Guardian Media Limited is the parent company of Wonderland Entertainment Limited and iRadio Inc. The Company has a primary listing on the Trinidad and Tobago Stock Exchange.

Guardian Media Limited and its consolidated Subsidiaries ('the Group') consist of the parent company, Guardian Media Limited and its 100% owned subsidiaries, Wonderland Entertainment Limited and iRadio Inc. The Group is the publisher of the Trinidad Guardian and the Sunday Guardian, and also provides printing services for other publishers. The Group purchased the operating assets and liabilities of Trinidad Broadcasting Company Limited and Prime Radio Limited on 1 May 1998 and acquired a 100% share of Wonderland Entertainment Limited on 9 August 2011. On the 12 September 2014, the Group acquired a licence to operate the 99.5 F.M. radio frequency, which was approved by the Telecommunications Authority of Trinidad and Tobago ("TATT"). As a condition of the concession the Group surrendered the 730 A.M. frequency. On 24 August 2015 the Group acquired 100% of the issued share capital of iRadio Inc., a company registered and operating in the Republic of Guyana.

The Group currently operates six (6) broadcasting stations, 95.1 F.M. The Best Mix, the Vibe CT105 F.M., Sangeet 106.1 F.M., Freedom 106.5 F.M. SLAM 100.5 F.M. and Sky Radio 99.5 F.M. in the Republic of Trinidad and Tobago and Mix 90.1 in the Republic of Guyana. The Group is also the operator of a television station, CNC3, whose inaugural feed began on 26 September 2005.

Wonderland Entertainment Limited is incorporated and resident in Trinidad and Tobago, and has no trading activities in 2021. Its main asset is the radio licence. iRadio Inc. is incorporated and resident in the Republic of Guyana and the results of its operations and related assets and liabilities have been fully consolidated as explained in Note 2 (ii).

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies

i. Basis of preparation

These consolidated financial statements are expressed in thousands of Trinidad and Tobago dollars (except when otherwise indicated) and have been prepared on a historical cost basis except for the measurement at fair value of certain financial assets measured at fair value through income.

Statement of compliance

The consolidated financial statements of the Group have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB).

Presentation of financial statements

Financial assets and financial liabilities are offset and the net amount is reported in the Consolidated Statement of Financial Position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. Income and expenses are not offset in the Consolidated Statement of Comprehensive (Loss)/Income unless required or permitted by any accounting standard or interpretation, and as specifically disclosed in the accounting policies of the Group.

Current versus non-current classification

The Group presents assets and liabilities in the Consolidated Statement of Financial Position based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

i. Basis of preparation (continued)

Current versus non-current classification (continued)

A liability is current when:

- It is expected to be settled in the normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii. Basis of consolidation

The consolidated financial statements comprise the financial statements of Guardian Media Limited and its subsidiaries. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee);
- Exposure, or rights, to variable returns from its involvement with the investee; and
- The ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee;
- Rights arising from other contractual arrangements; and
- The Group's voting rights and potential voting rights.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ii. Basis of consolidation (continued)

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary;
- Derecognises the carrying amount of any non-controlling interests;
- Derecognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss; and
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iii. Changes in accounting policies and disclosures

The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2021, except for the adoption of new standards and interpretations below.

New and amended standards and interpretations

Amendments to IFRS 3 Business Combinations – Reference to the Conceptual Framework (effective 1 January 2022)

In May 2022, the IASB issued Amendments to IFRS 3 Business Combinations – Reference to the Conceptual Framework. The amendments add an exception to the recognition principle of IFRS 3 to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of the IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately. The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date.

The amendments must be applied prospectively, with earlier application permitted.

These amendments had no impact on the consolidated financial statements.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iii. Changes in accounting policies and disclosures (continued)

New and amended standards and interpretations (continued)

Amendments to IAS 16 – Property, Plant and Equipment: Proceeds before Intended Use (effective 1 January 2022)

The amendments prohibits entities from deducting from the cost of an item of property, plant and equipment (PP&E), any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

The amendment must be applied retrospectively only to items of PP&E made available for use on or after the beginning of the earliest period presented when the entity first applies.

There is no transition relief for first-time adopters.

These amendments had no impact on the consolidated financial statements.

Amendments to IAS 37 – Onerous Contracts – Costs of Fulfilling a Contract (effective 1 January 2022)

In May 2020, the IASB issued amendments to IAS 37 to specify which costs an entity needs to include when assessing whether a contract is onerous or loss-making.

The amendment apply a ‘directly related cost approach.’ The costs that relate directly to a contract to provide goods or services include both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities (e.g., depreciation of equipment used to fulfil the contract as well as costs of contract management and supervision). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iii. Changes in accounting policies and disclosures (continued)

New and amended standards and interpretations (continued)

Amendments to IAS 37 – Onerous Contracts – Costs of Fulfilling a Contract (effective 1 January 2022) (continued)

The amendment must be applied prospectively to contracts for which an entity has not yet fulfilled all of its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Earlier application is permitted and must be disclosed.

These amendments had no impact on the consolidated financial statements.

Standards issued but not yet effective

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the Group's consolidated financial statements are disclosed below. The Group is currently assessing the potential impact of these new standards and interpretations and will adopt them when they become effective.

- IFRS 17 Insurance Contracts – effective 1 January 2023
- Amendments to IAS 1 Presentation of Financial Statements - Classification of liabilities as Current or Non-current – effective 1 January 2023
- Amendments to IAS 8 Accounting Policies, Changes in Accounting Estimates and errors - Definition of accounting estimates – effective 1 January 2023
- Amendments to IAS 1 and IFRS Practice Statement 2 - Disclosure of accounting policies – effective 1 January 2023
- Amendments to IAS 12 Income Taxes - Deferred tax related to assets and liabilities arising from a single transaction – effective 1 January 2023

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iii. Changes in accounting policies and disclosures (continued)

Improvements to International Financial Reporting Standards

The annual improvement process of the International Accounting Standards Board deals with non-urgent, but necessary clarifications and amendments to IFRS. The following amendments are applicable to periods beginning on or after 1 January 2022 but did not result in a material change to the consolidated financial statements.

IFRS	Subject of Amendment
IFRS 1 –	IFRS 1 First-time Adoption of International Financial Reporting Standards – Subsidiary as a first-time adopter - effective 1 January 2022
IFRS 9 –	IFRS 9 Financial Instruments – Fees in the '10 per cent' test for derecognition of financial liabilities - effective 1 January 2022
IAS 41 –	Agriculture – Taxation in fair value measurements - The amendment removes the requirement in paragraph 22 of IAS 41 that entities exclude cash flows for taxation when measuring the fair value of assets within the scope of IAS 41. These amendments had no impact on the consolidated financial statements of the Group as it did not have assets in the scope of IAS 41 as at the reporting date.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iv. Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets.

i. Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of the initial lease liabilities recognised, initial direct costs incurred, and lease payments made on or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

Land and building	3 to 10 years
Motor vehicles	4 years

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the accounting policies in Note 2 (xxii).

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iv. Leases (continued)

Group as a lessee (continued)

ii. Lease liability

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

iv. Leases (continued)

Group as a lessee (continued)

i. Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases of machinery and equipment (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as an expense on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income.

Contingent rents are recognised as revenue in the period in which they are earned.

v. Property, plant and equipment

Property, plant and equipment is stated at cost, net of accumulated depreciation and/or accumulated impairment losses, if any. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly. All other repairs and maintenance costs are recognised in the Consolidated Statement of Comprehensive (Loss)/Income.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

v. Property, plant and equipment (continued)

Depreciation is provided on the straight-line basis at rates estimated to write-off the assets over their expected useful lives. The estimated useful lives of assets are reviewed periodically, taking account of commercial and technological obsolescence as well as normal wear and tear, and the depreciation rates are adjusted if appropriate. Land and capital work in progress are not depreciated.

Depreciation is provided on the straight line basis at the following rates:-

Freehold buildings	2%
Plant, station equipment and machinery	3.33% – 33%
Office furniture and equipment	10% – 25%

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of asset) is included in the Consolidated Statement of Comprehensive (Loss)/Income in the year the asset is derecognised.

vi. Investment property

Investment properties principally comprise office buildings and land not occupied by the Group, which are held for long term rental yields and capital appreciation. Investment properties are classified as non-current assets and carried at cost less accumulated depreciation and accumulated impairment losses.

Approximately 24% (2021: 24%) of the Group's property on 22-24 St Vincent Street, Port of Spain is available for long-term rental yields. The Group occupies the remainder of space. That apportionment available for rental is classified as Investment Property.

Building is depreciated on a straight-line basis at a rate of 2% per annum. Land is not depreciated.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

vi. Investment property (continued)

Investment properties are derecognised either when they have been disposed of (i.e., at the date the recipient obtains control) or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of derecognition. The amount of consideration to be included in the gain or loss arising from the derecognition of investment property is determined in accordance with the requirements for determining the transaction price in IFRS 15.

Transfers are made to or from investment property only when there is a change in use. If owner occupied property becomes investment property, the Group accounts for such property in accordance with the policy under property, plant and equipment up to the date of change in use.

vii. Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred, measured at acquisition date fair value and the amount of any non-controlling interest in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition costs incurred are expensed and included in administrative expenses.

The Group determines that it has acquired a business when the acquired set of activities and assets include an input and a substantive process that together significantly contribute to the ability to create outputs. The acquired process is considered substantive if it is critical to the ability to continue producing outputs, and the inputs acquired include an organised workforce with the necessary skills, knowledge, or experience to perform that process or it significantly contributes to the ability to continue producing outputs and is considered unique or scarce or cannot be replaced without significant cost, effort, or delay in the ability to continue producing outputs.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

vii. Business combinations and goodwill (continued)

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Contingent consideration classified as equity is not remeasured and its subsequent settlement is accounted for within equity. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of IFRS 9 Financial Instruments, is measured at fair value with the changes in fair value recognised in the statement of profit or loss in accordance with IFRS 9. Other contingent consideration that is not within the scope of IFRS 9 is measured at fair value at each reporting date with changes in fair value recognised in profit or loss.

Goodwill is initially measured at cost being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interest over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the re-assessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in the profit or loss.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

vii. Business combinations and goodwill (continued)

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the cash-generating unit retained.

viii. Financial instruments

Date of recognition

Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Group becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace.

Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments, as described below. Financial instruments are initially measured at their fair value (as defined in Note 22), except in the case of financial assets and financial liabilities recorded at FVPL, transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at the transaction price.

The Group classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either amortised cost, FVOCI or FVPL, as explained in Note 2 (ix) below.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities

Financial investments at amortised cost

The Group only measures financial investments at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

The Group's financial assets at amortised cost includes trade and other receivables.

Debt instruments at FVOCI

The Group applies the categorisation of debt instruments measured at FVOCI when both of the following conditions are met:

- The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.
- The contractual terms of the financial asset meet the SPPI test.

FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and foreign exchange gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. The Group held no assets categorised as FVOCI as at 31 December 2022.

Equity instruments at FVOCI

Upon initial recognition, the Group occasionally elects to classify irrevocably some of its equity investments as equity instruments at FVOCI when they meet the definition of Equity under IAS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities (continued)

Equity instruments at FVOCI (continued)

Gains and losses on these equity instruments are never recycled to profit. Dividends are recognised in profit or loss as other operating income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment. The Group held no assets categorised as Equity instruments at FVOCI as at 31 December 2022.

Financial assets and financial liabilities at fair value through profit or loss

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are mandatorily required to be measured at fair value under IFRS 9.

Management only designates an instrument at FVPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis:

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis; or
- The liabilities are part of a group of financial liabilities (or financial assets, or both under IAS 39), which are managed and their performance evaluated on a fair value basis, in accordance with a documented risk management or investment strategy; or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVPL are recorded in the consolidated statement of financial position at fair value.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities (continued)

Reclassification of financial assets and liabilities

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Group did not reclassify any of its financial assets or liabilities in 2022.

- Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Group also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Group has transferred the financial asset if, and only if, either:

- The Group has transferred its contractual rights to receive cash flows from the financial asset; or
- It retains the rights to the cash flows but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

Pass-through arrangements are transactions whereby the Group retains the contractual rights to receive the cash flows of a financial asset (the 'original asset'), but assumes a contractual obligation to pay those cash flows to one or more entities (the 'eventual recipients'), when all of the following three conditions are met:

- The Group has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- The Group cannot sell or pledge the original asset other than as security to the eventual recipients
- The Group has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Group is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities (continued)

Reclassification of financial assets and liabilities (continued)

A transfer only qualifies for derecognition if either:

- The Group has transferred substantially all the risks and rewards of the asset; or
- The Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Group considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Group could be required to pay.

If continuing involvement takes the form of a written or purchased option (or both) on the transferred asset, the continuing involvement is measured at the value the Group would be required to pay upon repurchase. In the case of a written put option on an asset that is measured at fair value, the extent of the entity's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price.

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities (continued)

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

Impairment of financial assets

Overview of the ECL principles

The Group records the allowance for expected credit losses for all trade receivable and other debt financial assets not held at FVPL, in this section all referred to as 'financial instruments'. Equity instruments are not subject to impairment under IFRS 9.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL).

The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument.

For trade and other receivables, the Group applies a simplified approach in calculating ECLs as they do not contain a significant financing component. The ECL allowance is based on credit losses expected to arise over the life of the asset (LTECL).

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

ix. Financial assets and liabilities (continued)

Debt instruments measured at fair value through OCI

The ECLs for debt instruments measured at FVOCI do not reduce the carrying amount of these financial assets in the consolidated statement of financial position, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

Forward looking information

In its ECL models, the Group relies on a broad range of forward-looking information as economic inputs, such as:

- GDP growth
- Unemployment rates
- Central Bank rates
- House price indices

The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

Write-offs

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to credit loss expense.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

x. Employee benefits

The Group operates pension plans with defined contribution, defined benefit or hybrid schemes for all eligible full-time employees of the Group. The pension plans are governed by the relevant trustee rules and are generally funded by payments from employees and by the relevant Group companies, taking account of the rules of the pension plans and recommendations of independent qualified actuaries.

Defined contribution plans

A defined contribution plan is a pension plan under which the group pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. The Group has no further payment obligations once the contributions have been paid. The contributions are recognised as employee benefit expense when they are due.

Defined benefit plans

A defined benefit plan is a pension plan that is not a defined contribution plan. The pension accounting costs for the plans are assessed using the projected unit credit method. Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding net interest (not applicable to the Group) and the return on plan assets (excluding net interest), are recognised immediately in the Consolidated Statement of Financial Position with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods. The maximum economic benefits available, as limited by the asset ceiling will crystallise in the form of reductions in future contributions.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises restructuring-related costs.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

x. Employee benefits (continued)

Defined benefit plans (continued)

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation within "Administrative costs" (Note 16):

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income.

Other post-employment benefit plans

The Group also provides other post-employment benefits to their retirees. These benefits are unfunded. The entitlement to these benefits is based on the employee remaining in service up to retirement age and the completion of a minimum service period. The expected costs of these benefits are accrued over the period of employment, using an accounting methodology similar to that for the defined benefit plans.

xi. Inventories

Inventory of newsprint, printing materials and machinery spares are valued at the lower of cost and net realisable value. Cost is calculated using the weighted average method and includes relevant import and local charges. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

xii. Trade and other receivables

Trade receivables, which generally have 30–90 days terms, are recognised and carried at original invoice amounts less an allowance for any uncollectible amounts. An estimate for expected credit losses is made depending on the credit risk at the time of initial recognition. Trade receivables are considered to be credit-impaired when collection of the full amount is no longer probable. Bad debts are written-off as incurred.

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xiii. Cash and short-term deposits

Cash and short-term deposits in the Consolidated Statement of Financial Position comprise cash at banks and on hand and short-term deposits readily convertible to cash.

For the purpose of the Consolidated Statement of Cash Flows, cash and cash equivalents include all cash and short-term deposits with maturities of less than three months from date of establishment or which are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value.

xiv. Foreign currency translation

The consolidated financial statements are presented in Trinidad and Tobago dollars (expressed in thousands), which is the Parent's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

Foreign currency transactions

Foreign currency transactions are recorded in the foreign currency at the rates of exchange prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into Trinidad and Tobago Dollars at the rate of exchange ruling at the Consolidated Statement of Financial Position date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. Exchange differences on foreign currency transactions are recognised in the Consolidated Statement of Comprehensive (Loss)/Income.

Foreign entities

On consolidation, assets and liabilities of foreign entities are translated into Trinidad and Tobago dollars at the rate of exchange ruling at the financial reporting date and their Statements of Comprehensive Income are translated at the weighted average exchange rates for the year. The exchange differences arising on re-translation are recognized in other comprehensive income. On disposal of the foreign operation, the deferred cumulative amount recognized in other comprehensive income is recognized in the Consolidated Statement of Comprehensive (Loss)/Income.

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xv. Equity movements

Stated capital

Ordinary stated capital is classified within equity and is recognised at the fair value of the consideration received by the Group. Incremental costs directly attributable to the issue of new shares or options are shown as a reduction in equity, net of tax. As equity is repurchased, the amount of consideration paid is recognised as a charge to equity and reported in the Consolidated Statement of Financial Position as treasury shares.

Dividends on ordinary shares are recognised as a liability and deducted from equity when they are approved by the Group's Board of Directors. Interim dividends are deducted from equity when they are paid. Dividends for the year that are approved after the consolidated statement of financial position date are dealt with as an event after the end of reporting date.

Treasury shares

Own equity instruments which are re-acquired ("treasury shares") are deducted from equity. No gain or loss is recognised in the Consolidated Statement of Comprehensive (Loss)/Income on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration is recognised in other reserve. Such treasury shares are presented separately within equity and are stated at cost.

xvi. Employee share ownership plan (ESOP)

The Group operates an Employee Share Option Plan (ESOP) whereby employees of the Group have the option to receive a percentage of their profit share bonuses in the form of ordinary shares of the Group. The Group recognises an expense within staff costs when bonuses are awarded. Shares acquired are funded by the Group contributions and the cost of the unallocated ESOP Shares is presented as a deduction in equity, separately disclosed as "treasury shares".

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xvii. Trade and other payables

Liabilities for trade and other amounts payable, which are normally settled on 30-90 days terms, are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed to the Group.

xviii. Earnings per share

The computation of earnings per share is calculated as the net income attributable to ordinary shareholders (net of preference shares), divided by the weighted average number of ordinary shares outstanding during the period, net of treasury shares. The Group has no dilutive potential ordinary shares in issue.

xix. Provisions

Provisions are required when the Group has a present obligation as a result of a past event, where it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Restructuring provisions are recognised only when the Group has a constructive obligation, which is when a detailed formal plan identifies the business or part of the business concerned, the location and number of employees affected, a detailed estimate of the associated costs, and an appropriate timeline, and the employees affected have been notified of the plan's main features.

When the Group can reliably measure the outflow of economic benefits in relation to a specific matter and considers such outflows to be probable, the Group records a provision against the matter. Given the subjectivity and uncertainty of determining the probability of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xx. Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates and sale taxes.

The following specific recognition criteria must be met before revenue is recognised:

Sales of newspaper, advertising and job printing

Revenue from the sale of advertising to third parties, including related parties, is recognised with the publication or broadcast of the advertisement and the amount of the revenue can be measured reliably. Income from newspaper circulation and job printing are recognised upon delivery of the goods, and the amount of revenue can be measured reliably.

Rental income

Rental income arising under operating leases is accounted for on a straight-line basis over the lease term.

Interest income

Interest income is recognised as interest accrues, unless collectability is in doubt.

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxi. Taxation

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Deferred income tax

A deferred tax charge is provided, using the liability method, on all temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets and liabilities are measured at the tax rate that is expected to apply to the period when the asset is realised or the liability is settled based on the enacted tax rate at the reporting date.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised. Unrecognised deferred income tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax to be recovered.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxii. Impairment of non-financial assets

Intangible assets that have an indefinite useful life or intangible assets not ready for use are not subject to amortisation and are tested annually for impairment. Assets that are subject to amortisation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are largely independent cash inflows (cash-generating units). Prior impairments of non-financial assets (other than goodwill) are reviewed for possible reversal at each reporting date.

xxiii. Fair value measurement

The Group measures certain financial assets at fair value at each year end. Also, fair values of financial instruments measured at amortised cost are disclosed in Note 22. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxiii. Fair value measurement (continued)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

See Note 22 for further details on the valuation techniques and inputs used to account for financial instruments measured at fair value.

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxiv. Intangible assets

Goodwill

Goodwill arises on the acquisition of subsidiaries and represents the excess of the consideration transferred over the Group's interest in net fair value of the net identifiable assets, liabilities and contingent liabilities of the acquiree and the fair value of the non-controlling interest in the acquiree.

For the purpose of impairment testing, goodwill acquired in a business combination is allocated to each of the cash-generating units (CGUs), or groups of CGUs, that is expected to benefit from the synergies of the combination. Each unit or group of units to which the goodwill is allocated represents the lowest level within the entity at which the goodwill is monitored for internal management purposes. Goodwill is monitored at the CGU level.

Goodwill impairment reviews are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment. The carrying value of goodwill is compared to the recoverable amount, which is the higher of value in use and the fair value less costs of disposal. Any impairment is recognised immediately as an expense and is not subsequently reversed.

Licences

Separately licences are shown at historical cost. Licences acquired in a business combination are recognised at fair value at the acquisition date. Licences have an indefinite useful life and impairment tests are undertaken annually or more frequently if events or changes in circumstances indicate a potential impairment.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxiv. Intangible assets (continued)

Broadcast rights

The Group has elected to classify broadcast rights as intangible assets. Control is obtained over the intangible asset, and therefore the asset is recognised, at the point at which:

- The underlying resource is sufficiently developed to be identifiable;
- The Company has legal, exclusive rights to broadcast;
- There is a penalty for non-delivery of content;
- It is probable that the event will occur or the content delivered; and
- It is probable that economic benefits will flow to the Company.

Broadcast rights are recognised at historical cost, net of accumulated amortisation. Broadcast rights are amortised over their estimated useful lives in a method that matches the amortisation expense with the revenues expected to be generated. The relevant amortisation expense is recognised within "Administrative costs" (Note 16) in the Consolidated Statement of Comprehensive (Loss)/Income.

Computer software

Costs associated with maintaining computer software programs are recognised as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognised as intangible assets when the following criteria are met:

- It is technically feasible to complete the software product so that it will be available for use;
- Management intends to complete the software product and use or sell it;
- There is an ability to use or sell the software product;
- It can be demonstrated how the software product will generate probable future economic benefits;
- Adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and
- The expenditure attributable to the software product during its development can be reliably measured.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

2. Significant accounting policies (continued)

xxiv. Intangible assets (continued)

Computer software (continued)

Directly attributable costs capitalised as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

Other development expenditures that do not meet these criteria are recognised as an expense as incurred. Development costs previously recognised as an expense are not recognised as an asset in a subsequent period.

Computer software development costs recognised as assets are amortised over their estimated useful lives, which do not exceed seven years.

xxv. Deferred programming

Deferred programming, which represents programming contracted but not yet broadcasted, is presented within trade and other receivables and is measured at cost less amortisation. The costs of programmes are expensed as they are broadcasted.

xxvi. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker. The chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Board of Directors that makes strategic decisions.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

3. Significant accounting estimates, assumptions and judgments

The preparation of the Group's consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, which have the most significant effect on the amounts recognised in the consolidated financial statements:

Impairment of goodwill and intangible assets with indefinite lives

The Group determines whether goodwill or other intangible assets with indefinite useful lives are impaired at least on an annual basis. This requires an estimation of the 'value in use' of the cash generating units to which the goodwill is allocated. Estimating a value in use amount requires management to make an estimate of the expected future cash flows from the cash generating units and also to choose a suitable discount rate in order to calculate the present value of those cash flows. Further details are provided in Note 6 and accounting policy Note 2 (xxii).

Property, plant and equipment

Management exercises judgement in determining whether costs incurred can accrue sufficient future economic benefits to the Group to enable the value to be treated as a capital expense. Further judgement is used upon annual review of the residual values and useful lives of all capital items to determine any necessary adjustments to carrying value.

The accounting policy related to property, plant and equipment is disclosed in Note 2 (v).

Impairment of financial assets

Management makes judgments at each Consolidated Statement of Financial Position date to determine whether financial assets are impaired when the carrying value is greater than the recoverable amount and there is objective evidence of impairment. The recoverable amount is the present value of the future cash flows.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

3. Significant accounting estimates, assumptions and judgments (continued)

Deferred taxes

Deferred tax assets are recognised for all unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the timing and the level of future taxable profits together with future tax planning strategies.

Pension and other post-employment benefits

The cost of defined benefit pension plans and other post-employment medical benefits is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rates of return on assets, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty. Further details are given in Note 8.

Libel

In the course of normal business operation, writs were filed against the Group for libel. Estimates included are based on professional advice received and management has established provisions to cover contingencies of this nature.

Provision for expected credit losses of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns (i.e., by geography, product type and customer type). The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated. The Group relies on a limited range of forward-looking information such as but not limited to media industry trends and GDP growth.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in Note 11.

(Continued)

3. Significant accounting estimates, assumptions and judgments (continued)

Leases

Determining the lease term of contracts with renewal and termination options – Group as lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate (e.g., construction of significant leasehold improvements or significant customisation to the leased asset).

The Group did not include the renewal period as part of the lease term for leases of \$8.2 million (2021: \$1.108 million) with shorter non-cancellable period (i.e., up to 3 years). The Group typically exercises its option to renew for these leases because there will be a significant negative effect on production if a replacement asset is not readily available. The renewal periods for leases of \$2.8 million (2021: \$2.114 million) with longer non-cancellable periods (i.e., 5 years to 10 years) are not included as part of the lease term as these are not reasonably certain to be exercised. Furthermore, the periods covered by termination options are included as part of the lease term only when they are reasonably certain not to be exercised.

Estimating the incremental borrowing rate

If the Group cannot readily determine the interest rate implicit in the lease, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available (such as for subsidiaries that do not enter into financing transactions) or when they need to be adjusted to reflect the terms and conditions of the lease (for example, when leases are not in the subsidiary's functional currency). The Group estimates the IBR using observable inputs (such as market interest rates) when available.

(Continued)

6. Intangible assets (continued)

Licences

Licences include two (2) radio broadcast licences with indefinite useful lives.

Radio Broadcast Licences

One radio broadcast licence was acquired through a business combination with Wonderland Entertainment Limited on 9 August 2011 at a cost of \$6.099 million and the other radio broadcast licence was acquired on 12 September 2014 at a cost of \$5.8 million to operate the 99.5FM broadcast frequency. The licences have been granted for a minimum of 10 years by the relevant government agency with the option to renew at the end of the period at little or no cost to the Group. Previous licences acquired have been renewed which has allowed the Group to determine that these assets have indefinite useful lives.

As at 31 December 2022, these assets were tested for impairment and based on the results of the tests no impairment was recorded.

Goodwill

In accordance with IFRS 3, goodwill arising from the acquisition of the Trinidad Broadcasting Company Limited and Prime Radio Limited in 1998 was reviewed for impairment at year end. Based on the results of this review no impairment expense was recorded.

Impairment testing

The following highlights the information used in the impairment testing of goodwill and licences with indefinite useful lives:

Basis for recoverable amount	Value in use
Discount rate	13.6%
Cash flow projection term	Five years and into perpetuity
Growth rate (extrapolation period)	1%

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

6. Intangible assets (continued)

Impairment testing (continued)

The recoverable amount of the cash generating unit was determined using the “value in use” method. These calculations use pre-tax cash-flow projections based on financial budgets approved by management. The discount rates used are pre-tax and reflect the specific risk relating to the cash-generating unit.

The carrying amounts of goodwill and licences with indefinite useful lives are allocated to the following CGUs, for impairment testing. These CGUs are part of the “Multi-Media” reporting segment disclosed in Note 20.

	TBC Network		SKY 99.5FM		SLAM 100.5FM		Total	
	2022	2021	2022	2021	2022	2021	2022	2021
	\$	\$	\$	\$	\$	\$	\$	\$
Goodwill	3,374	3,374	–	–	–	–	3,374	3,374
Radio broadcast licenses	–	–	5,800	5,800	6,099	6,099	11,899	11,899

The recoverable amounts used in the impairment testing of the TBC Network, SKY 99.5FM and SLAM 100.5 FM CGUs were \$40.3 million, \$10.9 million and \$28.2 million respectively.

Key assumptions used in value in use calculations and sensitivity to changes in assumptions

The calculation of value in use for the TBC Network, SKY 99.5FM and SLAM 100.5FM units is most sensitive to the following assumptions:

- Gross margin
- Discount rates
- Growth rates used to extrapolate cash flows beyond the forecast period.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

6. Intangible assets (continued)

Key assumptions used in value in use calculations and sensitivity to changes in assumptions (continued)

Gross margin

Estimated revenue, which is a key element of the estimated gross margins, is based on the implementation of a new sales strategy in alignment with current market developments. Decreased advertising demand can lead to a decline in the revenue generated and, consequently, the gross margin, which may impact the value in use calculation of the CGUs and the results of the impairment test.

Discount rates

Discount rates represent the current market assessment of the risks specific to each CGU, taking into consideration the time value of money and individual risks of the underlying assets that have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating divisions and is derived from its weighted average cost of capital (WACC). The WACC takes into account both cost of debt and cost of equity. Specific industry risk is incorporated by applying individual beta factors. Adjustments to the discount rate are made to factor in the specific amount and timing of the future tax flows in order to reflect a pre-tax discount rate. A rise in the discount rate may impact the value in use calculation of the CGUs and the results of the impairment test.

Growth rates

Rates are based on industry research. This rate is used to extrapolate cash flows beyond the forecast period. For each of the CGUs, a decrease in the long-term growth rate may impact the value in use calculation of the CGUs and the results of the impairment test.

Computer software

Intangible assets also include the internal development cost arising from the implementation of Microsoft Great Plains in July 2013 and NEO Content Management System for Media in December 2016 which were recognised at fair value at the capitalisation date. Subsequent to initial recognition, computer software is carried at cost less amortisation and impairment losses where necessary and is expected to have a finite life not exceeding 7 years.

7. Leases

Group as a lessee

The Group has lease contracts for various items of land and buildings used in its operations. These leases of land and buildings generally have lease terms between three and ten years.

The Group also has certain leases of office equipment with lease terms of 12 months or less. The Group applies the 'short-term lease' recognition exemptions for these leases. The Group recognised rent expense from short-term leases of \$0.1 million for the year ended 31 December 2022 (2021: \$0.1 million).

Right-of-use assets

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the period:

	Land and building	Motor vehicles	Total
	\$	\$	\$
Balance at 1 January 2022	1,795	510	2,305

Lease liabilities

Set out below are the carrying amounts of lease liabilities and the movements during the period:

	2022	2021
	\$	\$
As at 1 January	3,010	5,593
Additions	11,272	544
Accretion of interest	340	264
Payments	<u>(3,853)</u>	<u>(3,391)</u>
As at 31 December	<u>10,769</u>	<u>3,010</u>
Current	3,773	1,650
Non-current	<u>6,996</u>	<u>1,360</u>
	<u>10,769</u>	<u>3,010</u>

The Group has no lease contracts that contain variable payments, extensions and termination options. The maturity analysis of lease liabilities is disclosed in Note 25.

The following are the amounts recognised in profit or loss:

	2022	2021
	\$	\$
Depreciation expense of right-of-use assets	3,523	2,911
Interest expense on lease liabilities	340	264
Expense relating to short-term leases	121	121
Expense relating to leases of low-value assets	<u>50</u>	<u>50</u>
Total amount recognised in profit or loss	<u>4,034</u>	<u>3,346</u>

The Group had total cash outflows for leases of \$4.3 million in 2022 (\$4.5 million in 2021).

Group as lessor – Operating lease commitments

The Group is involved in the lease of transmission towers and investment properties. These details are disclosed in Note 23.

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

8. Employee benefits

The Group operates pension plans with defined contribution, defined benefit or hybrid schemes for all eligible full-time employees of the Group. The Group also provides certain post-retirement medical benefits to employees. These Plans are governed by the deeds and rules of the specific plan and the employment laws relevant to the jurisdictions in which they operate.

Contributions recognised in the Consolidated Statement of Comprehensive Income/(Loss) with respect to defined contribution plans are as follows:

	2022	2021
	\$	\$
Contribution expense	<u>796</u>	<u>819</u>

The level of pension benefits provided under the defined benefit plans depends on the member's length of service and salary at retirement age. The defined benefit pension plan requires contributions to be made to a separately administered fund. The Fund has a separate legal form and is governed by the Board of Trustees. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

The Board of Trustees periodically reviews the level of funding in the pension plan. Such a review includes the asset-liability matching strategy and investment risk management policy which considers the term of the pension obligation while simultaneously remaining compliant with the requirements of the Pension Act. The pension plans are exposed to inflation, interest rate risks and changes in the life expectancy for pensioners in the relevant jurisdictions. As the Plan assets include significant investments in quoted equity shares, the Group is also exposed to equity market risk.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

8. Employee benefits (continued)

The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

	2022	2021
Local equities – quoted	36%	32%
Local bonds	31%	31%
Foreign investments	23%	23%
Real estate and mortgages	2%	2%
Short term securities	8%	12%

Principal actuarial assumptions at the reporting date:

	2022	2021
Discount rate at 31 December	5%	5%
Future salary increases	3%	3%
Future medical claims inflation	3%	3%

Shown below is a quantitative sensitivity analysis for the impact of significant assumptions on the defined benefit obligation:

Assumptions	Discount rate		Future salary increases		Future medical claims inflation	
	1% increase	1% decrease	1% increase	1% decrease	1% increase	1% decrease
At 31 December 2022	(14,266)	17,744	4,237	(3,768)	628	(509)
At 31 December 2021	(13,984)	17,418	4,131	(3,661)	620	(504)

The sensitivity analyses above have been determined based on a method that extrapolates the impact on net defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

8. Employee benefits (continued)

The pension plan is maintained at a significant surplus; the Group has chosen not to take any contribution holidays to ensure the continued health of the Plan in changing economic circumstances. The Group's contribution rate of 4% of pensionable salaries will continue into the foreseeable future. The Group is expected to contribute \$1.2 million to its defined benefit plans and \$0.4 million to its post-employment benefit plans in 2023.

The weighted average duration of the defined benefit obligation at the end of the reporting period is 15 years (2021: 15 years) for the defined benefit plan and 14 years (2021: 14 years) for the post-retirement medical plan.

9. Deferred taxation

(Continued)

9. Deferred taxation (continued)

The Group has unutilised tax losses of \$1.7 million (2021: \$2.3 million) available to be carried forward and applied against future taxable income of the Group.

The Group has recognised a deferred tax asset of \$0.5 million (2021: \$0.6 million) on the cumulative taxation losses incurred. The recoverability of these deferred tax assets depends on the Group's ability to generate future taxable profits. The Group believes that these deferred tax assets are recoverable because these losses are expected to shelter taxable profits in the foreseeable future.

19. Dividends (continued)

During the year ended 31 December 2022, dividends of 6% on preference shares (amounting to \$88 thousand) were declared and paid. During the year ended 31 December 2022, the 2021 final dividend of 7 cents per ordinary share (amounting to \$2,800 thousand) was declared and paid.

In addition, a final dividend of 4 cents (2021: 7 cents) per ordinary share in respect of 2022 has been proposed by the Directors subsequent to the year end. In accordance with the IAS 10 "Events after the reporting period", this proposed dividend is not recognised as a liability at 31 December 2022 but will be accounted for as an appropriation of retained earnings in the year ending 31 December 2023.

20. Segment information

For management purposes, the Group's segments are organised and managed separately according to the nature of these services provided by each segment. The reportable segments are the Print and Multi-Media segments.

The Print segment is mainly involved in newspaper circulation and other printing services for other publishers. The Multi-Media segment provides broadcasting services through its seven (7) radio stations as well as the live television station.

	Print segment		Multi-media segment		Total	Total
	2022	2021	2022	2021	2022	2021

21. Related party disclosures

The consolidated financial statements comprise the financial statements of Guardian Media Limited and the 100% owned subsidiaries, Wonderland Entertainment Limited and iRadio Inc.

Terms and conditions of transactions with related parties

Parties are considered to be related if one has the ability to control or exercise significant influence over the other party in making financial or operational decisions. A number of transactions are entered into with related parties in the normal course of business. These transactions were carried out at commercial terms and at market rates. Outstanding balances at the year-end are unsecured, interest free and settlement occurs in cash. There have been no guarantees provided or received for any related party receivables or payables. For the year ended 31 December 2022, the Group has not made any provision for doubtful debts relating to amounts owed by related parties (2021: Nil).

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

22. Fair values and fair value hierarchies

The carrying amount of short-term financial assets and liabilities comprising cash and cash equivalents, accounts receivable, short-term investments at amortised cost, accounts payable and accrued liabilities are a reasonable estimate of their fair values because of the short maturity of these instruments. For all other financial assets and liabilities, the carrying value is considered a reasonable approximation of fair value.

The fair value information is based on information available to management as at the dates presented. Although management is not aware of any factors that will significantly affect the fair value amounts, such amounts have not been comprehensively revalued for the purposes of these consolidated financial statements and, therefore the current estimates of the fair value may be significantly different from the amounts presented herein.

Investment securities classified as fair value through statement of income is a Level 1 financial asset. Included in the Level 1 category are financial assets that are measured in whole by reference to published quotes in an active market. A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency and those prices represent actual and regularly occurring market transactions on an arm's length basis.

23. Capital commitments and contingencies

Contingencies – Legal action

The Group operates in a regulatory and legal environment that, by nature, has an element of litigation risk inherent to its operations. As a result, it is involved in various litigation proceedings arising in the ordinary course of the Group's business.

As disclosed in Note 15 there were a number of writs served against the Company for libel for which provisions have been established and recorded in respect of these matters which were considered probable liabilities. There are also certain other pending legal actions and other claims in which the Group is involved where the directors are of the opinion that, based on information provided by the Group's attorneys-at-law, if any liability should arise out of these claims it is not likely to be probable. Accordingly, no provision has been made in these consolidated financial statements in respect of these matters.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

23. Capital commitments and contingencies (continued)

Operating lease commitments – Group as lessor

The Group is involved in leases on transmission towers and investment properties. Future minimum rentals receivable under non-cancellable operating leases as at 31 December are, as follows:

	2022	2021
	\$	\$
Within one year	1,025	1,045
Within 2 to 5 years	<u>4,102</u>	<u>4,102</u>
	<u>5,127</u>	<u>5,147</u>

24. Earnings per share

As described in Note 2 (xviii), basic earnings per share is computed by relating net income attributable to ordinary shareholder (net of preference shares) to the weighted average number of shares outstanding during the year. The weighted average number of shares has been adjusted for the removal of treasury shares. Basic earnings per share has been computed as follows:

	2022	2021
	\$	\$
Net profit attributable to ordinary shareholders	2,462	4,202
Less preference share dividend	<u>(88)</u>	<u>(88)</u>
Profit available to ordinary shareholders	<u>2,374</u>	<u>4,114</u>
Weighted average number of shares ('000) (adjusted for treasury shares)	39,900	39,900
Basic and diluted earnings per share	6 cents	10 cents

The Company has no dilutive potential ordinary shares in issue.

25. Risk management

Introduction

Risk is inherent in the Group's activities but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Group's continuing profitability and each individual within the Group is accountable for the risk exposures relating to their responsibilities. The Group is exposed to credit risk, liquidity risk and market risks.

Risk management structure

The Board of Directors is responsible for the overall risk management approach and for approving risk strategies, principles and policies and procedures. Day to day adherence to risk principles is carried out by the executive management of the Group in compliance with the policies approved by the Board of Directors.

Concentrations of risk

Concentrations arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Group's results to developments affecting a particular industry. In order to avoid excessive concentrations of risk, the Group's procedures include specific monitoring controls to focus on the maintenance of a diversified portfolio.

25. Risk management (continued)

Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Such exposure arises from sale or purchases by an operating unit in currencies other than the unit's functional currency. Management monitors its exposure to foreign currency fluctuations which is mainly the US currency and employs appropriate strategies to mitigate any potential losses.

The sensitivity to a possible change in the US dollar exchange rate, with all other variables held constant, of the Group's profit before tax is as follows:

	Change in US dollar rates	Effect on profit before tax \$'000
2022	5% increase	(123)
	5% decrease	123
2021	5% increase	(295)
	5% decrease	295

The aggregate value of financial assets and liabilities by reporting currency are as follows:

Year ended 31 December 2022	TT \$	US \$	Total \$

Credit risk

The Group considers its credit risk with trade debtors to be limited due to the large number of customers comprising the Group's customer base. The Group grants credit based on evaluations of its customers' financial situation, and continually monitors the exposure of potential losses from granting credit. The maximum exposure is equal to the carrying amount of trade and other receivables.

With respect to credit risk arising from other financial assets which primarily comprises of cash and cash equivalents, the exposure to credit risk arises from default of the counter party. These deposits are placed with highly rated local financial institutions.

	<u>124,604</u>	<u>126,737</u>

Credit quality per category of financial asset

The credit quality of the balances due from the Group's various counterparties are internally determined from an assessment of each counterparty based on a combination of factors.

GUARDIAN MEDIA LIMITED AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2022

(Expressed in Thousands of Trinidad and Tobago Dollars, except where otherwise stated)

(Continued)

25. Risk management (continued)

Credit risk (continued)

Credit quality per category of financial asset (continued)

These factors include financial strength and the ability of the counterparty to service its debts, the stability of the industry or market in which it operates and its proven track record with the Group. The categories defined are as follows:

Superior:	This category includes balances due from Government and Government agencies and balances due from institutions that have been accorded the highest rating by an international rating agency or is considered to have the highest credit rating. These balances are considered risk free.
Desirable:	These are balances due from counterparties that are considered to have good financial strength and reputation.
Acceptable:	These are balances due from counterparties that are considered to have fair financial strength and reputation.
Sub-standard:	Balances that are impaired.

The table below illustrates the credit quality of the Group's financial assets as at 31 December:

	Superior	Desirable	Acceptable	Sub-standard	Total
	\$	\$	\$	\$	\$
2022	5,762	75,991	35,201	7,650	124,604

25. Risk management (continued)

Liquidity risk

Liquidity risk is the risk that the Group will be unable to meet its payment obligation under normal and stress circumstances. The Group monitors its liquidity risk by considering the maturity of both its financial investments and financial assets and projected cash flows from operations. Where possible the Group utilises surplus internal funds to a large extent to finance its operations and ongoing projects. However, the Group also utilises available credit facilities such as loans and other financing options where required.

The table summarises the maturity of the Group's financial liabilities at 31 December based on undiscounted repayment obligations over the remaining life of those liabilities:

	On demand	Within one year	1 to 5 years	>5 years	Total
31 December 2022	\$	\$	\$	\$	\$

26. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 December 2022 or 31 December 2021.
